The average daily circulation of the Barre Daily Times for the week ending Saturday was

3,225

copies, the largest paid circulation of any daily paper in this section.

Send the news to Teddy. The Woman's Social Economic club of Chicago advocates a state law granting every mother a pension for every child born.

Few men could go through the same experiences as our hardy president and come up smiling as Roosevelt does. To be thrown headlong from a horse and escape with only a few scratches must be the sign of a lucky star.

The time which the legislature spends in wrangling over when it will adjourn for the Sunday vacation and when it will resume its sitting could be spent to better advantage in the actual work for which it is in session. Let us be thankful that there are but few more opportunities for this over-Sunday recess.

The destruction of its municipal lighting plant by fire is a serious blow to Northfield just at the time when that community is feeling the effects of a business awakening. And, too, Northfield is having more than its share of visits from the fire fiend. We trust that the destruction of the plant will not result in anything but a temporary setback, for one admires the pluck of the public spirited men of Northfield as displayed in the past.

THE MORRILL HALL APPROPRIATION.

There is a rather poor outlook for the \$500,000 appropriation to erect a "Morrill Hall" for the use of the State Agricultural college at Burlington. The bill has passed the larger branch of the legislature—in fact it passed that body before the people of the state were really aware of it and before protest could be raised. Now, however, a strong protest is being heard from all sections against the setting aside of an amount of that size for the purposes named, which are purely agricultural. The bill has been reported favorably in the Senate but it has been twice ordered to lie—an indication that there are stormy times ahead for the measure. The facts of the situation are that the people, be they farmers or not, believe that the state treasury is not in condition to warrant the outlay of \$500,000 for the erection of the proposed building. The plan embodied in the bill is directly contrary to the cry which has been used for several years. It is not retrenchment. At the present time it is extravagance. It will not behoove the legislature to put aside its convictions that economy in state affairs is needed just for this particular case. There would be the greatest inconsistency in passing this bill which carries with it the largest single appropriation to be asked this year and in refusing passage to many of the smaller requests for money, which have been made. The state cannot afford to honor all these requisitions, and the better plan would be to refuse them all, except in certain cases where absolute necessity demands the outlay of funds. This request for a Morrill Hall at Burlington does not come with a plea of absolute necessity and the conditions do not imperatively demand the erection of the building. Let the project wait a more favorable season.

THE VAUGHAN STORE

Saturday's Business Bringer

At the Little Old Store on the Corner.

Our experience has taught us that about this time of the year, or any time after Jack Frost begins to get neighborly, that people begin to buy Comfortables more. We are well pleased with our sales in this stock so far and every Comfortable will bring its regular profit, but we like to see things hum in every department and this seems to be about the only stock that hasn't contributed something to our Saturday Specials or the most popular sale in town, so on Saturday it is Comforters. The \$2.50 and \$2.25 goods at \$1.98. Excellent assortment of colorings, made of sanitary batting, covered with sateen and silklines. Of course the 25c will go fast. The store is open at 7 A. M.

\$3.50 White China Silk Waists at 98c. Next Spring will soon roll around and we want an entire new line to show you. That's why. Sizes, 32 to 42.
